

DECLARATION OF CONFORMITY

This declaration of conformity is issued under the sole responsibility of AGK Nordic A/S. The products marketed by AGK Nordic A/S are designed and manufactured using materials and components carefully selected to ensure compliance with applicable EU safety, environmental and chemical regulations for batteries.

The object of this declaration is portable batteries intended for use in household appliances and other portable electronic equipment.

These batteries comply with the European Parliament and Council Regulation (EU) 2023/1542 of 12 July 2023 on batteries and waste batteries.

Compliance with the regulation is demonstrated as follows:

- **Substance restrictions (Article 6 and Annex I):** The batteries meet the limits for mercury, cadmium and lead, verified in accordance with EN 62321, and are compliant with the relevant provisions of the REACH Regulation (EC) No 1907/2006.
- **General marking (Article 13(1) and Annex VI, Part A):** All required information is provided on the battery or its packaging.
- **Separate collection symbol (Article 13(4)):** The crossed-out wheeled bin symbol is affixed in accordance with EN 50419.
- **Producer responsibility:** The batteries are correctly marked and subject to producer responsibility for collection and recycling.

Accordingly, these batteries meet all applicable requirements of the EU Batteries Regulation and are CE marked, demonstrating conformity with EU legislation.

Item Name	AGK Model No.	GTIN
Powerpaq CR2032 - 2 stk. - lithium knapcelle batteri	12937	5708184129375

Battery Category	Non rechargeable / rechargeable	Battery type	Battery Chemistry
Portable battery	Non rechargeable	CR2032	Lithium
